ACCOUNTING ANALYST

Ocean Choice International, a 100% family owned and operated NL company, is one of Canada's leading vertically integrated seafood harvesting, processing and marketing companies with operations throughout Atlantic Canada and sales and marketing offices around the world. For further information visit www.oceanchoice.com.

Ocean Choice International is presently accepting applications for a dynamic, highly organized individual to become an integral part of the accounting department at their head office in St. John's, NL.

Reporting directly to the Inventory and Costing Manager, the Accounting Clerk will oversee, update and reconcile co-processor production entries, prepare third party cold storage reconciliations and complete the related inventory adjustments. The individual will also be involved in system setup and other accounting duties as projects arise.

Through your experience and education you have demonstrated sound judgment, problem solving skills and the capability to manage multiple projects in a demanding, fast paced work environment. You possess a degree in Commerce or Business supplemented by relevant work experience (preferably in a manufacturing environment). As Ocean Choice uses an automated accounting system, experience with the use of computer applications (Excel, Microsoft Dynamics, etc.) would be beneficial. An equivalent combination of education and experience will also be considered.

Salary will be commensurate with qualifications and experience. An excellent benefits package is available including health and pension plans.

This is a full-time permanent position. Interested persons should e-mail applications to hr@oceanchoice.com by April 26, 2019.
